The International Trade Centre (ITC) recently launched a trade-related assistance initiative funded by the European Union called Advancing Afghan Trade (AAT). Set in motion on 29 November 2016 in Kabul, the initiative intends to contribute to the strengthening of the country’s trade capacities, with the long-term goal of helping to transform Afghanistan and its regional partners into a vibrant regional economic hub. The project will be implemented over a three-year period.

Funded by the EU implementation of the initiative is now under-way and is led by ITC in close collaboration with the Ministry of Commerce and Industries. In this first newsletter, we invite you to read the articles below to discover the first steps already taken. These include statements from ITC’s Executive Director and Afghanistan's Minister for Commerce and covers National Export Strategy developments, trade policy and trade facilitation developments and quality management.

We look forward to sharing regular updates with all our stakeholders and garnering as much support from the community as possible, so please feel free to share this newsletter. It is our belief that the AAT will contribute to how trade can be used as a lever for economic growth, job creation, poverty reduction and enhanced regional cooperation.

The AAT Project Team
INTRODUCING ADVANCING AFGHAN TRADE

Arancha Gonzalez, Executive Director, International Trade Centre

The fabled Silk Road trade routes linking the cultures and communities of East Asia, India, the Mediterranean basin, and Eastern Africa have threaded through Afghanistan for centuries. Afghanistan remains a strategic crossroads, despite the conflicts that have scarred the country for decades. ...

ITC COLLABORATION WILL ASSIST SME EXPORT GROWTH IN AFGHANISTAN

Mohammad Qurban Haqjo, Deputy Minister for Commerce, Ministry of Commerce and Industries

This ITC-guided project will complement the Government of Afghanistan's ongoing efforts to strengthen the human and institutional capacity of public and private sectors in order to develop export competitiveness for SMEs...

PROJECT WILL SUPPORT INSTITUTIONS TO DELIVER ON AMBITIOUS REFORM AGENDA

Franz-Michael Mellbin, Head of European Union Delegation to Afghanistan

With the 'Advancing Afghan Trade' initiative the European Union is committed to supporting Afghanistan in benefitting from the opportunities arising from greater participation in international trade and enhanced regional economic relations. ...

NATIONAL EXPORT STRATEGY ADVANCEMENTS

Eric Buchot, Output head, Export Strategy, Advancing Afghan Trade

For a country mired in challenging security and economic conditions, the Government of Afghanistan and the private sector have an inspiring vision to position Afghanistan as an important trade partner for the region and beyond...
TRADE POLICY ADVANCEMENTS

Jean-Sebastien Roure, Project Manager and Output Head, Trade Policy, Advancing Afghan Trade

In order to advance trade capabilities in Afghanistan, the country needs of practical and sustainable capacity building and development in multiple trade-related areas. This includes progress at the institutional level as well as growing the expertise...
