Proyectos

South-East Asia: Sustainable trade development between MSMEs in South East Asia and China

PROJECT

This project aims at improving e-commerce competitiveness and creating digital trade opportunities with China for the Micro, Small, and Medium-Sized Enterprises (MSMEs) in South-East Asia countries through platforms including Global Digital Trade Expo (GDTE) and the ITC-Hangzhou Center for Digital...

ASEAN: Sustainable Connectivity Package (SCOPE) - Trade

PROJECT

The SCOPE-Trade project aims at addressing three important trade-related pillars which drive economic connectivity in the Association of Southeast Asian Nations (ASEAN) and between ASEAN and the European Union (EU) i.e., trade policy environment, digital connectivity for businesses with a focus on...

Trade Centre of Expertise: UK Trade Partnerships Programme

● PROJECT

The United Kingdom Trade Partnerships (UKTP) Programme aims to increase trade from developing countries to the United Kingdom (UK) and the European Union (EU) by maximizing the benefits of UK and EU Economic Partnership Agreements (EPAs) and the UK's Developing Countries Trading Scheme (DCTS)...

Southeast Asia: ITC's Knowledge Repository for Southeast Asia

● PROJECT

This project aims at creating a platform serving as knowledge repository for stakeholders interested in certain trade-related topics imminent to the ASEAN region, based on resources developed under ITC-implemented TRTA projects in Southeast Asia. It is set to achieve scale in knowledge sharing and...

Lao PDR: Enhancing business opportunities for SMEs of Lao PDR in China

● PROJECT

The major objective of the project is to contribute to inclusive and sustainable economic growth, mitigation of vulnerability (especially for female) and job creation in Lao PDR through enhancing Lao MSMEs export competitiveness in China. The project will last for two years and provide capacity...
