Proyectos

South Sudan: Green and Resilient Agriculture and Climate Economy (GRACE)

● PROJECT

The South Sudan Green and Resilient Agriculture and Climate Economy project is a joint collaborative initiative of the European Union, FAO, WFP and ITC. It has an overall goal of promoting green, sustainable, and climate-resilient economic development by contributing to increased food and nutrition...

South Sudan: Building economic empowerment for vulnerable communities in South Sudan

● PROJECT

ITC is taking part in the project 'Building socio-economic resilience for survivors of Conflict related Sexual Violence in South Sudan' to support survivors and at-risk groups of Conflict-related Sexual Violence (CRSV). This includes men, women, and the youth population who are victims or...

EAC: EU Market Access Upgrade Programme Phase II (MARKUP II)

● PROJECT

The Market Access Upgrade Programme (MARKUP II) aims to promote economic growth in the East African Community (EAC) through private sector development and export promotion. It seeks to enhance sustainable and inclusive intra-African trade, pan-African trade, and trade with the European Union (EU)...

South-South Trade and Investment

● PROJECT

To investigate the potential of expanding investment (and trade) linkages between India and Africa, capitalizing on the structural changes and resulting opportunities brought forth by the African Continental Free Trade Area (AfCFTA). Will assess constraints and opportunities in each of these...

South Sudan: National Export and Investment Strategy (AfCFTA)

● PROJECT

This National Export and Investment Strategy (NEIS) will help foster trade and investment in South Sudan through a combination of effective strategic planning, improved national and subnational government technical support and private sector leadership capacity. This will be achieved by boosting...
