Projets

The Caribbean: Strengthening sustainable value chains through productive and commercial Alliances

● PROJECT

A quadruple shock of COVID, climate change, conflict, and cost-of-living have pushed the topic of food security and the need for collective action to the top of the global agenda. In the Caribbean, food security is a complex issue influenced by climate change, economic challenges, trade policies,...

Conducive policy and regulatory environment: Trade negotiations and policy reform

● PROJECT

The ITC's Supporting Trade Negotiations and Policy Reform Programme seeks to strengthen the capacity of public and private sector stakeholders to contribute to trade negotiations and policy/regulatory formulation on emerging matters relating to facilitating investment, green trade,...

AIM for Results: Improving TISI performance and measurement (Phase I)

● PROJECT

AIM for Results is an intervention approach that strengthens the performance, efficiency and effectiveness of TISIs and builds their capacity to provide more effective support to the internationalisation needs of their clients, especially small and medium-sized enterprises (SMEs). AIM stands for...

Caribbean: Development of value added products and intra-regional trade to enhance livelihoods from coconuts

● PROJECT

Agribusiness and food systems

Trade Intelligence: UK Trade Partnerships Programme

Featured

● PROGRAMME

ITC's trade and market intelligence interventions in the 24 UK Trade Partnerships Programme countries will consist of several interrelated components to foster transparency and enhanced access to information on trade opportunities and market access requirements for small and...
