## Projects

### South Mediterranean countries: Enhancing e-commerce and digital trade in the Southern Neighbourhood

● PROJECT

The South Mediterranean region faces a range of economic challenges, including high youth unemployment, reliance on traditional sectors, and uneven economic growth. With 55% of the population under 30 and youth unemployment rates between 30-40%, addressing this issue is critical, especially as many...

### Accelerating Trade and Investment under the AfCFTA (ATIA)

● PROJECT

This project supports policy reforms and business linkages for trade and investment facilitation in line with the African Continental Free Trade Area (AfCFTA) Agreement, thereby contributing to a conducive business environment for African and Japanese companies operating in or planning to expand...

## Middle East and North Africa: ACTION Meeting in Abu Dhabi

● PROJECT

In 2016, the establishment of the Arab Countries Trade and Investment Organisations Network (ACTION) under the AfTIAS programme marked a pivotal step towards fostering Arab regional integration. ACTION emerged from the collective ambition of Arab nations to enhance their trade and investment...

## Algeria: Strengthening the competitiveness of the Information and Digital Technology (IDT) sector

● PROJECT

Algeria is committed to transitioning from a hydrocarbon-based economy to a sustainable, knowledge-driven economic model. With the support of the International Trade Centre (ITC), the country has formulated a non-hydrocarbon export strategy, fostering inclusive dialogue among stakeholders. The...

## Algeria: Strengthening the Competitiveness of the Agri-food and Beverage sector

● PROJECT

The project focuses on enhancing the export competitiveness of Algeria's agri-food sector, a key component of the country's economic diversification efforts. Aligned with the National Export Strategy, the project targets micro, small, and medium-sized enterprises (MSMEs) to create...
