Projects

EU4Business: Empowering Trade and Competitiveness in EaP countries

● PROJECT

The overall objective of the Project is to support economic competitiveness and business environment reforms in Eastern Partner countries. The project is implemented jointly by ITC and OECD. The beneficiaries of the project are policy makers in the area of SME...

Ukraine: Building economic resilience of conflict-affected individuals and MSMEs

● PROJECT

This project seeks to strengthen the economic resilience of conflict-affected Ukrainian communities by empowering individuals, especially IDPs, women, and other vulnerable groups, to improve their income and employability. It also aims to enhance the capacity of local government institutions and...

Ukraine: Building economic resilience of conflict-affected communities

● PROJECT

The project addresses the needs of displacement-affected communities and their needs for an alternative income sources in the context of war. Through IT upskilling internally displaced population (more particularly, women) will be able to gain new employment that has the flexibility they need...

Ukraine: Building Economic Resilience of Displacement Affected Communities

● PROJECT

The project proposes to respond to the emergency needs in Ukraine in the areas of livelihood and economic disruption by contributing to the economic resilience of Ukrainian communities affected by the conflict and resulting displacement. Given that a large number of the Ukrainian population is still...

Ukraine National Export Strategy

● PROGRAMME

Through the development of 5 sector strategies and 4 cross-sector strategies to complement the STDR, this initiative seeks to bring about a concerted national vision on how to enhance Ukraine's trade competitiveness, particularly for SMEs and a coherent strategic framework for trade...
