15 September 2021, 15:00-16:15 Central European Time (CET)

Dear Colleague,

On behalf of the International Trade Centre (ITC) and the German Development Institute/ Deutsches Institut für Entwicklungspolitik (DIE), we cordially invite you to a public webinar on:

Implementing an investment facilitation framework – Learning from the TFA experience

15 September 2021, 15:00-16:15 Central European Time (CET)

This is the 8th of a webinar series on investment facilitation for development, held in the framework of a joint ITC/DIE [project](#) on Investment Facilitation for Development.

Like all ITC/DIE events, participation in the webinar is free of charge. However, it is necessary to register for the event (please [click here](#)), to receive the meeting link details.

The webinar will focus on **implementing an investment facilitation framework for development, while learning from the WTO Trade Facilitation Agreement (TFA) experience.** The WTO Investment Facilitation Framework for Development (IFF4D) includes investment facilitation provisions dealing, among others, with improving the transparency and predictability of investment frameworks; streamlining procedures related to foreign investors; focal points, domestic regulatory coherence and cross-border cooperation; special and differential treatment for developing and least developed countries (LDCs); and sustainable investment—with a view towards increasing foreign direct investment (FDI) flows that contributes to development.

Many developing countries and especially LDCs will have to make substantial efforts to implement an IFF4D, and these efforts will need to be supported by considerable technical assistance for capacity building, to ensure that host countries benefit from the agreement. The webinar will discuss some of the issues that will need to be considered in this respect, in particular lessons learned from the implementation of the WTO Trade Facilitation Agreement and the role of special and differential treatment.

The webinar will have the following agenda and speakers:
