

# THE COFFEE EXPORTER'S GUIDE

THIRD EDITION

*The Coffee Exporter's Guide* is the world's most extensive, hands-on and neutral source of information on the international coffee trade.

It covers trade issues relevant to coffee growers, traders, exporters, transportation companies, certifiers, associations, authorities and others in coffee-producing countries. This third edition marks the guide's 20<sup>th</sup> anniversary and includes new material on climate change, the role of women in the coffee sector and comparison of sustainability schemes.

The International Trade Centre (ITC) is the joint agency of the World Trade Organization and the United Nations. Since ITC's creation in 1964, its publications programme has informed the business sector in developing countries about trade development challenges, issues and trends.
