KUALA LUMPUR, MALAYSIA, 18 AND 19 OCTOBER, 2012

**TRANSFORMING TPOS' BUSINESS THROUGH INNOVATION**  
ENHANCING TPO IMPACT ON EXPORTING SMES THROUGH INNOVATION

## BIOGRAPHICAL NOTE

### **Mr. Mohamed Azrin Mohamed Ali**

Vice-President, Malaysian Green Technology Corporation (MGTC)

Mr. Azrin is the Vice-President for Research, Development and Commercialisation at the Malaysian Green Technology Corporation (MGTC), seconded from the Tenaga Nasional Berhad since April 2012.

At MGTC, Mr. Azrin oversees the development of the National Green Technology Roadmap, review of green technology legislation and regulatory framework, and the development of a green jobs portal. He is in charge of formulation and development of the National Electric Vehicle Roadmap, and facilitates the Electric Vehicle Pilot Programs and Demonstration.

He is also the Chairman of the Technical Committee for the Development of National Standards for Electric Vehicle Charging.

Mr. Azrin was previously in charge of Green Technology, Strategic Planning, ICT, and Research Management at TNB Research and has extensive experience in research and project management. He has successfully led teams that have produced four electric-vehicle prototypes, and, at the secretariat of the Quality Management Council, gained experience in overseeing the Quality Management System and the Internal Quality Audit.

Mr. Azrin is a graduate of the University of Warwick, United Kingdom.
